

## **Garden Club at Palm Coast**

# ***CLIPPINGS***

**Monthly Bulletin**

**MARCH 2017**

### **What to Plant**

- ❖ **Annuals:** Replace declining winter annuals with varieties such as angelonia, gazania, and salvia that will provide color now and into the summer months.
- ❖ **Bulbs:** Plant caladium for a showy tropical display all summer.
- ❖ **Herbs:** In addition to their culinary value, many herbs are ornamental and attract butterflies to the garden.
- ❖ **Vegetables:** Warm season crops such as cucumber, eggplant, and summer squash should be planted now for late spring harvest.
- ❖ **Azaleas:** If azaleas need pruning to shape or produce a fuller plant, do it just after plants finish blooming.

### **What to Do**

- ✓ **Prune spring flowering trees and shrubs after blooming:** Prune after the last flowers fade but before new buds set in mid to late summer.
- ✓ **Prune shrubs and trees when new growth begins:** The end of the dormant season is a good time to prune many trees and shrubs. Cold damaged shrubs can be pruned back to where new growth appears
- ✓ **Fertilize:** palms and any other ornamentals not fertilized last month
- ✓ **Irrigation:** Now that dry weather is here, check sprinkler systems for efficient use of water.
- ✓ **Identify and conserve beneficial insects:** Some insects should be encouraged in your yard!
- ✓ **Mulch:** Mulch conserves moisture during dry weather and minimizes weeds in landscape beds. Organic mulches add nutrients to the soil.

### **What to Do Every Month**

- Adjust irrigation based on rainfall.
- Deadhead flowers to encourage new blooms.
- Monitor the garden for insects and disease.
- Plant trees, shrubs, and perennials and water until established.
- Mow lawns at recommended heights

**Save the Dates**

There's still time to learn a lot at the Flagler County Extension Service's "Short and Sweet Series", Thursdays in March from 10:00 to Noon. For a nominal fee of \$5.00, you will hear interesting information on timely and important topics for our area:

- 3/16 Hiring a Certified Tree Trimmer in Palm Coast Carol Mini, Palm Coast City Arborist
- 3/23 Hurricane Preparation and Firewise Landscaping  
Jennifer Stagg, Flagler County and Julie Allen, Forestry Service
- 3/30 Butterfly Gardening Vivian Bowden, Volusia County Master Gardener

**March Selection of the Month**

**Congratulations to Selma Klettke**  
**See her beautiful garden at 7 Casper Court in Palm Coast**

## **BEE Aware; BEE Kind**

*The dramatic decline of pollinating insects is a major agricultural and ecological concern. Bees pollinate 1/3 of our food production. Monarch butterflies have declined more than 90% over the past 20 years. You can make a local impact on a big problem. Eliminate or reduce pesticides, conserve water and plant a pollinator garden. Many bedding plants at retail outlets are now laced with pesticides called neonicotinoids that cause bee colony collapse. Whenever possible, try to determine if your potential selection has had this application and select an alternative. Go to "[www.FeedER.com](http://www.FeedER.com)" for free packet of wildflower seeds.*

## **PLACES TO GO; MANY BEAUTIFUL THINGS TO SEE**

*(Thanks to Jane Villa-Lobos for her continuing contributions of this current listing)*

**April 29-30 Apopka Art & Foliage Festival**, Kit Land Nelson Park, 35 S. Park Ave., Apopka. <http://www.apopkaartandfoliagefestival.com>

### *Tips of the Day*

*Epsom salts sprinkled around plants make the green part of the plant stronger.*

*Pickle juice around gardenias or any acid loving plants like azaleas, will promote lots of blooms.*

*Pickle juice has a lot of salt so dilute it with 1 part juice and 20 parts water.*

*One of the many uses of white vinegar is to kill weeds. Works especially well on weeds in cracks of your driveway.*

*Compliments of the Propagation Guild*

*The Garden Club at Palm Coast is again awarding a one-week  
**FREE SCHOLARSHIP PLUS EXPENSES** to a  
Flagler County child to attend Camp Wekiva*

*Every year, over 600 young campers throughout Florida enjoy a  
fun-filled educational camping experience in  
Wekiwa Springs State Park, a superb setting in Apopka, operated by  
The Florida Federation Garden Clubs*

*Instructors and counselors with a love for nature, the environment,  
conservation, wildlife, crafts and hiking work with  
Over 100 young campers a week with similar interests*

*Do you have or know of a boy or girl in grade 6, 7 or 8 who loves wildlife,  
gardening, the outdoors and the environment?  
You can give them an unforgettable special experience*

*Check the Camp Wekiva website for photos and more information  
([www.wekivayouthcamp.org](http://www.wekivayouthcamp.org))*

*Contact our Garden Club **NOW** for application information Enrollment  
starts in January and classes fill up fast*
